CAUÃ ROCHA

SOFTWARE DEVELOPER | DATA ENTHUSIAST

Lavras, MG, Brazil

1caua.rocha@gmail.com | cauarocha.dev | linkedin.com/in/rochacaua | github.com/cauarocha1

PROFESSIONAL SUMMARY

Information Systems undergraduate at UFLA and Systems Development Technician with hands-on experience in IT support, infrastructure, Python automation, data workflows, and full-stack development. Currently supports municipal IT operations involving Windows environments, Active Directory, networking, and workstation maintenance. Previously built a Python automation at EssilorLuxottica that reduced logistics data-processing time by 60%. Develops practical projects spanning ETL, applied AI, and web applications.

PROFESSIONAL EXPERIENCE

Municipality of Lavras — ***Aug/2026 - Present***
IT Support Technician — *Lavras, MG*

- Diagnose and resolve workstation, operating-system, software, and network incidents across municipal departments.
- Perform preventive and corrective computer maintenance; install and configure Windows, drivers, and business applications.
- Create and manage users in Active Directory and support the initial configuration of Windows Server environments.
- Configure IP connectivity and register or authorize network devices through MAC-address controls.

EssilorLuxottica — ***Dec/2025 - Feb/2026***
Administrative Logistics Assistant - Automation Focus — *Sumaré, SP*

- Proactively developed a Python tool to consolidate logistics spreadsheets, reducing processing time by 60% and decreasing manual handling.
- Analyzed e-commerce logistics data and used SAP ERP to support operational controls and management reporting.

EDUCATION

Federal University of Lavras (UFLA) — ***Mar/2026 - Dec/2029 (expected)***
B.Sc. in Information Systems — *Lavras, MG*

- Member of NEURON, the Interactive Robotics Study Group, contributing to collaborative prototyping projects.

Etec de Hortolândia — ***2023 - 2025***
Technical Degree in Systems Development — *Hortolândia, SP*

FEATURED PROJECTS

Ka'a Moroti - Gamified Environmental Education Platform — *2025*

React 19, TypeScript, Firebase, Tailwind CSS, GitHub Actions

- Built and deployed a full-stack capstone application with authentication, ecological-footprint quiz, personalized recommendations, challenges, ranking, and progress dashboard; automated production and pull-request deployments.

Currency Data ETL Pipeline — *2026*

Python, Pandas, REST API, SQLite, SQL

- Developed an ETL pipeline that collects real-time exchange-rate data, normalizes JSON records with Pandas, and persists structured results in SQLite with execution logging.

Jornada dos Sonhos - Local AI Financial Assistant — *2026*

Python, Streamlit, Ollama, LLM prompting, local knowledge base

- Created a Streamlit conversational assistant that builds context from local data and documentation, connects to locally hosted language models through Ollama, and applies structured system prompts.

NEURON - Internal Project Management Platform — *2026*

Next.js, Supabase

- Internal platform for the UFLA Interactive Robotics Study Group to centralize projects, teams, responsibilities, and tasks. Combines an overview with a Kanban workflow to track stages, next steps, and progress across workstreams.

Service Desk - Municipal IT Support Portal — *2026*

Next.js, TypeScript, Tailwind CSS, shadcn/ui, PostgreSQL, Prisma, Better Auth, Docker

- Web portal in pilot to organize support requests, the service queue, and technician assignment. Includes ticket conversations and history, SLAs, equipment inventory, reports, attachments, and an internal team chat.

TECHNICAL SKILLS

Programming & Data: Python, SQL, Pandas, ETL, SQLite, REST APIs, data cleaning and visualization.
Web & Cloud: React, TypeScript, JavaScript, Vite, Tailwind CSS, Firebase Auth/Firestore/Storage/Hosting.
AI & Tools: LLM applications, prompt engineering, Ollama, Streamlit, Git, GitHub Actions, SAP ERP.
Infrastructure: Windows, Windows Server fundamentals, Active Directory, TCP/IP configuration, hardware support, networking fundamentals.
Languages: Portuguese (native); English (technical reading and writing).

COURSES & CERTIFICATIONS

Bradesco Bootcamp - GenAI & Data (DIO) | Networking Basics (Cisco) | Escola de Inovadores | Coletivo Coca-Cola
